

It is very hard to justify such a law remaining on the books. That is why I think the people went all the way to legalization.

So what I am asking this afternoon is for House Members to remember your own States and the States of your colleagues that have taken action in one form or another to relax marijuana laws, and I am asking for all of the residents of the District of Columbia simply the same ordinary privilege.

I particularly ask, not only our own Members, but Members who I think would particularly want to take note in the other body because in that body are found the Senators who represent the 23 States that have passed medical marijuana laws, the 18 States that have passed marijuana decriminalization laws, and the four States that have legalized marijuana.

It is difficult for me to see how the other body, which has States which have relaxed marijuana in this way, could possibly vote not to give equal treatment to the residents of the District of Columbia.

So, Mr. Speaker, at bottom, I am asking only for equality of treatment for the residents of the District of Columbia. I come in that spirit only. I don't ask for your support for the underlying matter.

I ask for your support on the one issue in which I believe I can say Members in this body, to the last Member, are in agreement, and that is, since the very founding of our country, the principle that holds us together is federalism, that what happens in a State may not be what we would desire or do in our own, but if it is a local matter and if it is legal and constitutional, then it is for the people of that State.

Mr. Speaker, that is the essence of freedom and democracy. I ask in that spirit for the same respect for the people of the District of Columbia that I would give to the people of every State of the Union.

Mr. Speaker, I yield back the balance of my time.
